Hello!

I use uber every day to get around town. It's cheaper than a cab and it is so easy. I've had to wait hours for cabs when ubers are immediate. I've also had extremely rude and sketchy cab drivers. I always make a personal connection with the uber drivers because they are so friendly. I barley ever have cash on me so ubers are awesome because it comes out of your card and you don't have to tip. If you take away uber, you are taking away every college students mode of transportation. Do you want me to start drinking and driving?! Uber is the reason why I get home safely every single night! Please don't take it away from us!

Thank you

Subject: Uber is great!

Please allow Uber to operate in Charleston.

I have lived in SF, and used Uber there and in DC and NYC often. It is undeniably the most convenient and accessible form of car service I have ever used.

There are simply not enough taxi cabs to service Charleston's ever growing population, and all of my experiences with Uber have been exemplary.

With all the growth this city is allowing, many major Hotels etc... I can't imagine why you wouldn't want to allow uber as the other major cities have, it is a great option and I know soon many people who use it on a daily basis.

Please allow Uber to operate HERE.

Thank you,
A concerned citizen
